

Regie Duhaylungsod

Product Lister

Hello! I'm Regie P. Duhaylungsod, a dedicated Product Lister who helps eCommerce businesses grow by optimizing and organizing their product listings for maximum visibility and sales.

Product listing is the art and strategy of creating compelling and informative product content to effectively communicate value and drive sales to a targeted audience.

Want me to make it sound more client-focused or results-driven?

Bachelor of Science in Information Technology
Stratford International School

Successfully completed a comprehensive 4-year program focused on software development, database management, networking, and systems analysis. Developed a strong foundation in IT principles with hands-on experience in various technologies and tools.

Robotics Engineering (Undergraduate Coursework – 1st Semester)
Pagadian City Institute of Modern Technology

Studied the basics of Robotics, including programming, automation, and mechanical systems, before deciding to focus on Information Technology.

Personal Attributes:

- Attitude: Joyful, respectful, proactive, and a fast learner
- Approach: I approach challenges with positivity and a solution-oriented mindset, always striving to learn and grow. I believe in the power of respect and teamwork, fostering a harmonious environment wherever I go. Whether it's working with a team or independently, my proactive nature ensures I stay ahead of tasks, delivering quality results consistently.

Product Lister & Researcher

Freelancer | Remote

2023 – Present

- Conducted extensive product research using Ads Spy, Facebook Ad Library, and other tools to identify trending and profitable products.
- Created and optimized product listings on Shopify, ensuring proper SEO, compelling descriptions, and accurate product details.
- Managed inventory, product variations, and pricing, ensuring alignment with market trends and customer demands.
- Utilized Clony App and Kiwi Size Chart to automate and streamline product listing processes, improving efficiency.
- Ensured all product listings were properly translated and tailored for different markets, such as converting prices and adding relevant size charts.

Virtual Assistant – Dropshipping

Various Clients | Remote

2022 – 2023

- Assisted clients with eBay dropshipping operations, including product research, listing, and customer service.
- Provided continuous support to e-commerce businesses by optimizing product pages for higher visibility and sales.
- Managed online store operations, including order processing, customer inquiries, and inventory management.

Customer Service Representative

Shopee | Remote

2021 – 2022

- Handled customer inquiries, complaints, and feedback in a timely and professional manner.
- Provided solutions to customer issues, contributing to improved customer satisfaction and retention rates.
- Collaborated with the team to ensure smooth order processing and efficient problem resolution.

Inventory & Pricing Manager

LADYS'MART | Philippines

2019 – 2021

- Managed product inventory, ensuring accurate stock levels and timely replenishment.
- Responsible for product pricing strategies, aligning with market trends and profit goals.
- Worked closely with suppliers and the marketing team to ensure timely product launches and promotions.
