

Mendel Tricia Sevilla  
Architectural Portfolio

# About me -

A Licensed Architect with 6 years of experience in architectural design, construction management, and project coordination across residential, commercial, and mixed-use developments. Skilled in concept design, space planning, and 3D visualization using AutoCAD, Revit, and SketchUp. Adept at site supervision, tender documentation, and ensuring compliance with building codes and authority regulations. Proven ability to manage multidisciplinary teams, liaise with clients, contractors, and government agencies, and deliver projects on time and within budget while integrating sustainable design solutions and innovative architectural trends.
