Who I Am

Strategic Food Technology leader with over 17 years of experience, specializing in the end-to-end lifecycle of product development, research, label development and specifications management.

Expert in bridging the gap between R&D innovation and regulatory compliance by ensuring 100% accuracy in product labeling and technical documentation.

What I Do

JOANNA DUCUT

My core expertise lies in label development and specifications management. I ensure that every product is backed by accurate technical documentation, from initial FDA registration and claims justification to maintaining rigorous document control standards.
