EDUCATION

Product Design, Mercu Buana University

GPA 3.82

2014 - 2018, JAKARTA

WORK EXPERIENCE

UI/UX Lecturer | Purwadhika Digital Technology School

November 2020 - November 2025, JAKARTA

Educate and mentor future designers with a product-driven mindset. Develop structured curricula covering research, problem framing, information architecture, interface design, prototyping, and validation. Emphasize critical thinking, decision-making, and real-world product constraints to prepare students to operate confidently within cross-functional product teams.

UI/UX Designer & Product Consultant | Self-Employed (Project-Based)

June 2017 - Present, JAKARTA

Partner with startups and growing brands to transform business objectives into scalable digital products. Lead end-to-end product design from research and information architecture to high-fidelity UI, prototyping, and usability validation. Work closely with founders and developers to define product direction, prioritize features, and craft user experiences that are both intuitive and commercially impactful.

UI Designer | Dragon Capital Centre (CIAYO Corp)

June 2015 - July 2020, JAKARTA

Collaborated closely with the development team to design the UI for CIAYO Comics (mobile app and web platform), including leading the revamp of the latest version. Additionally, designed campaign landing pages and promotional materials for CIAYO events (Comiconnect Tour, CIAYO Scope, CIAYO Plus+), as well as websites for Dragon Capital Centre and its sub-products (CIAYO Stream, CIAYO Blog).

Web Design Specialist | ThinkDigital Asia

June 2014 - June 2015, JAKARTA

Led and supervised a Junior Web Designer and an Intern Designer, providing direction and quality control for their work. Designed websites, landing pages, social media covers, and post templates for clients including Toyota, Sariayu, JobsDB, Mie Sedaap, and others.

Creative Designer | Cahya Cita Cemerlang

February 2011 - May 2014, Jakarta

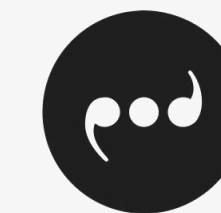

I'm a UI/UX Designer, Product Consultant, and Educator with over 10 years of experience designing digital products across web and mobile platforms. My work focuses on **transforming complex ideas into intuitive user experiences** through structured thinking, research, and thoughtful interface design.

Brands & companies I've worked with:

FUJIFILM

ATHLETICA
COMPANY

KOCO.

Studiokado

and many more...

RUNNING EVENT WEBSITE

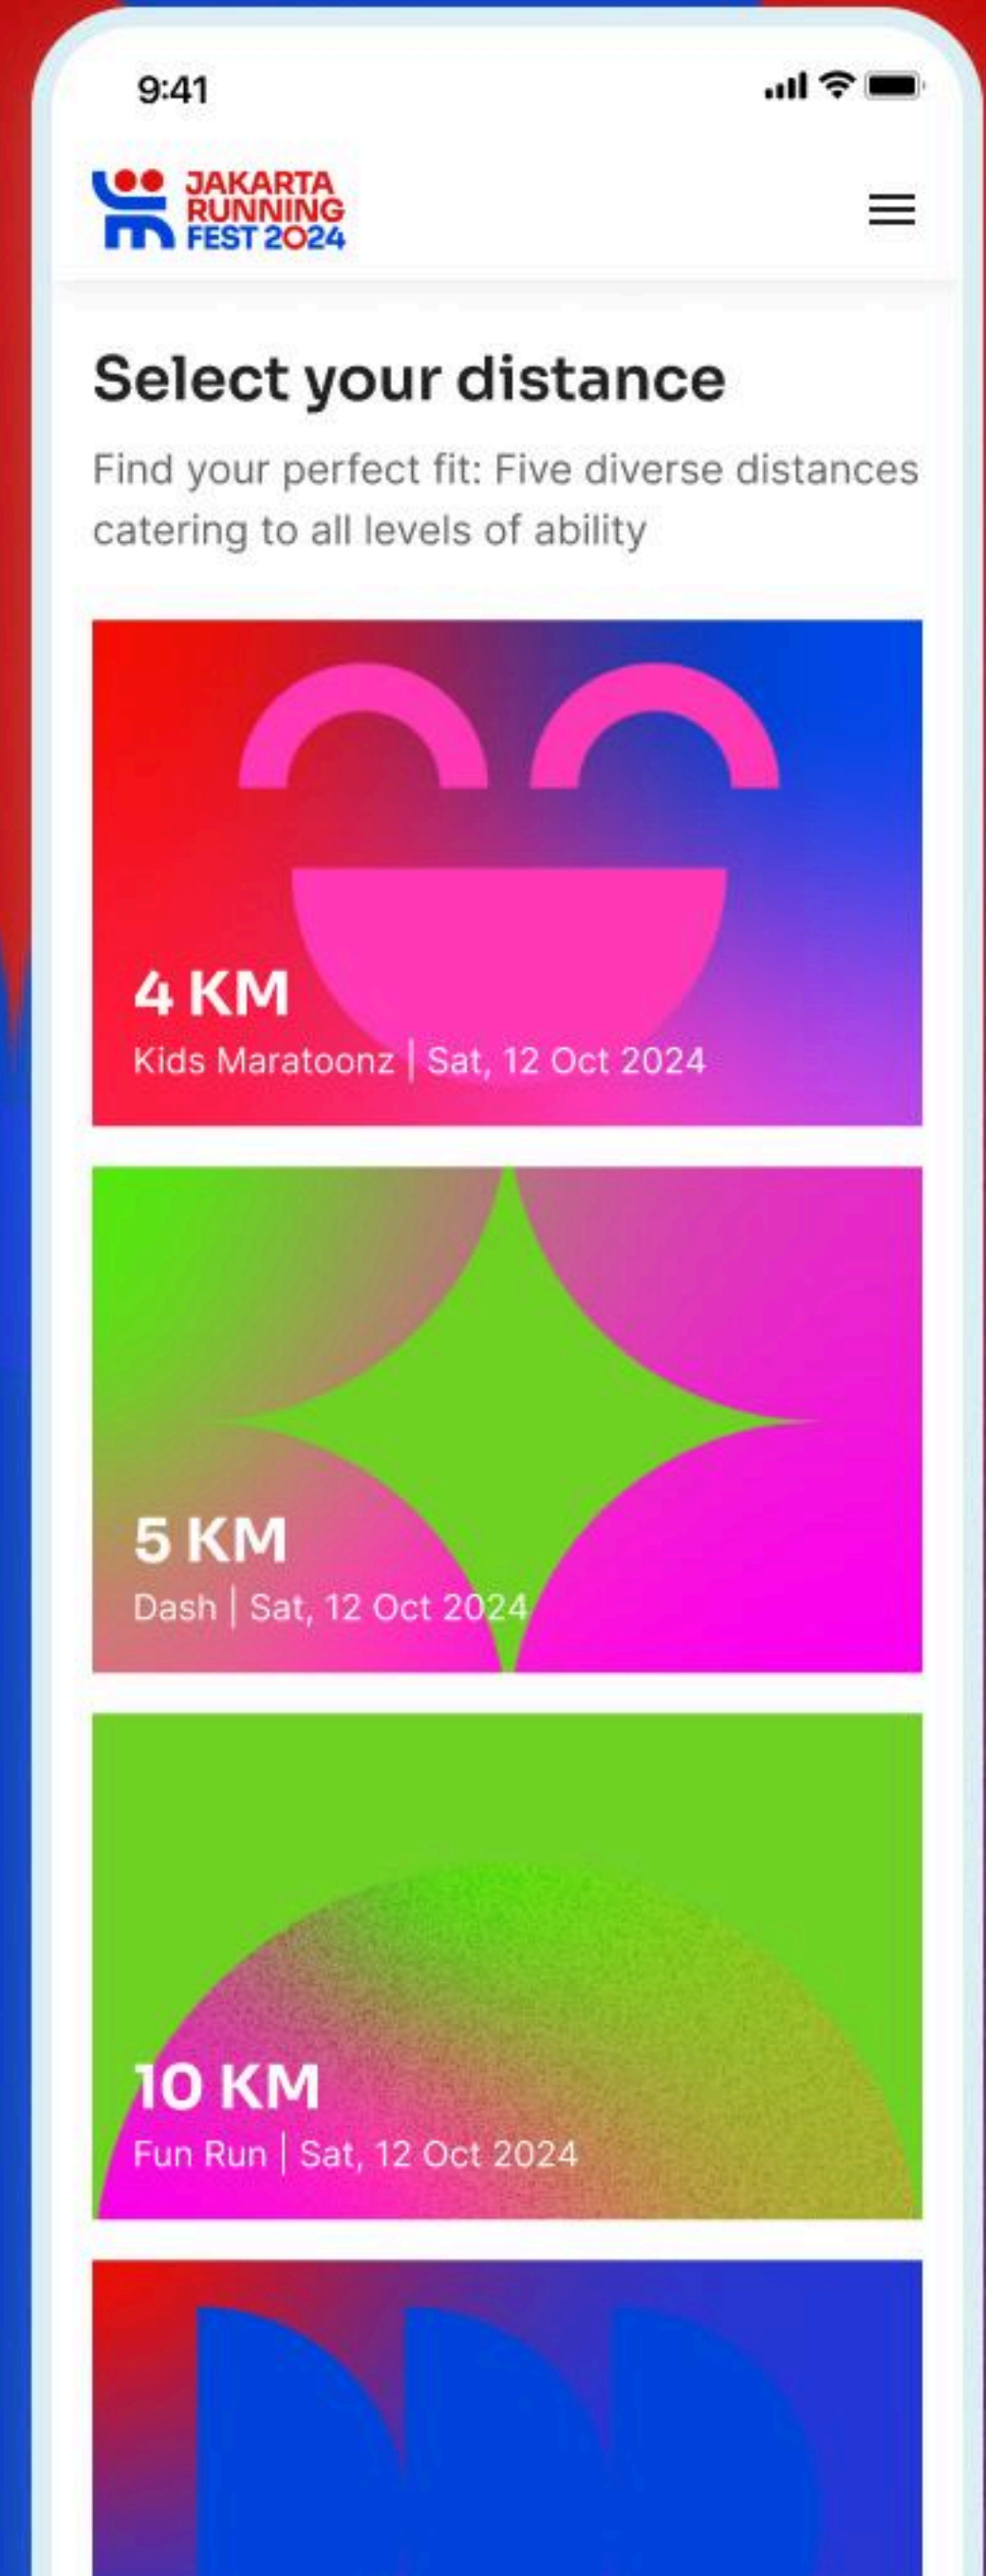

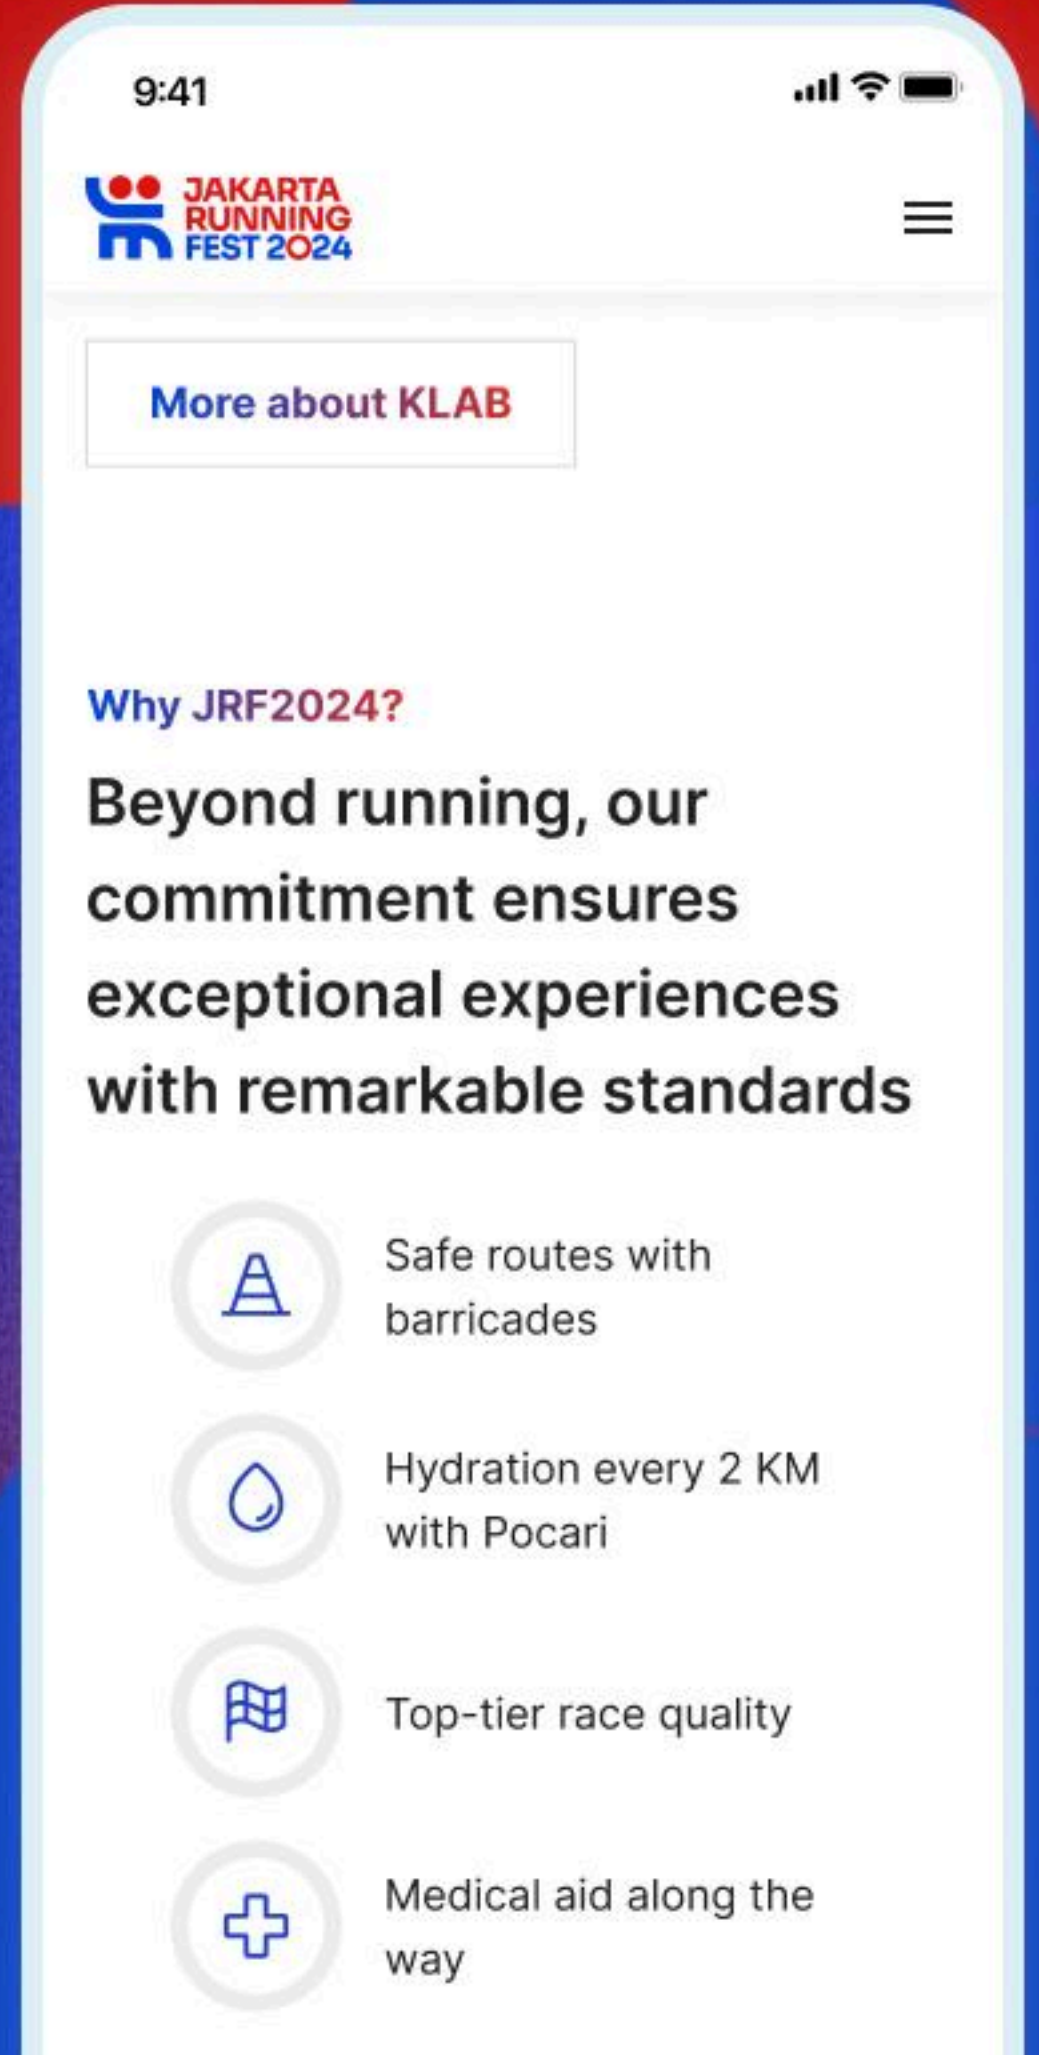

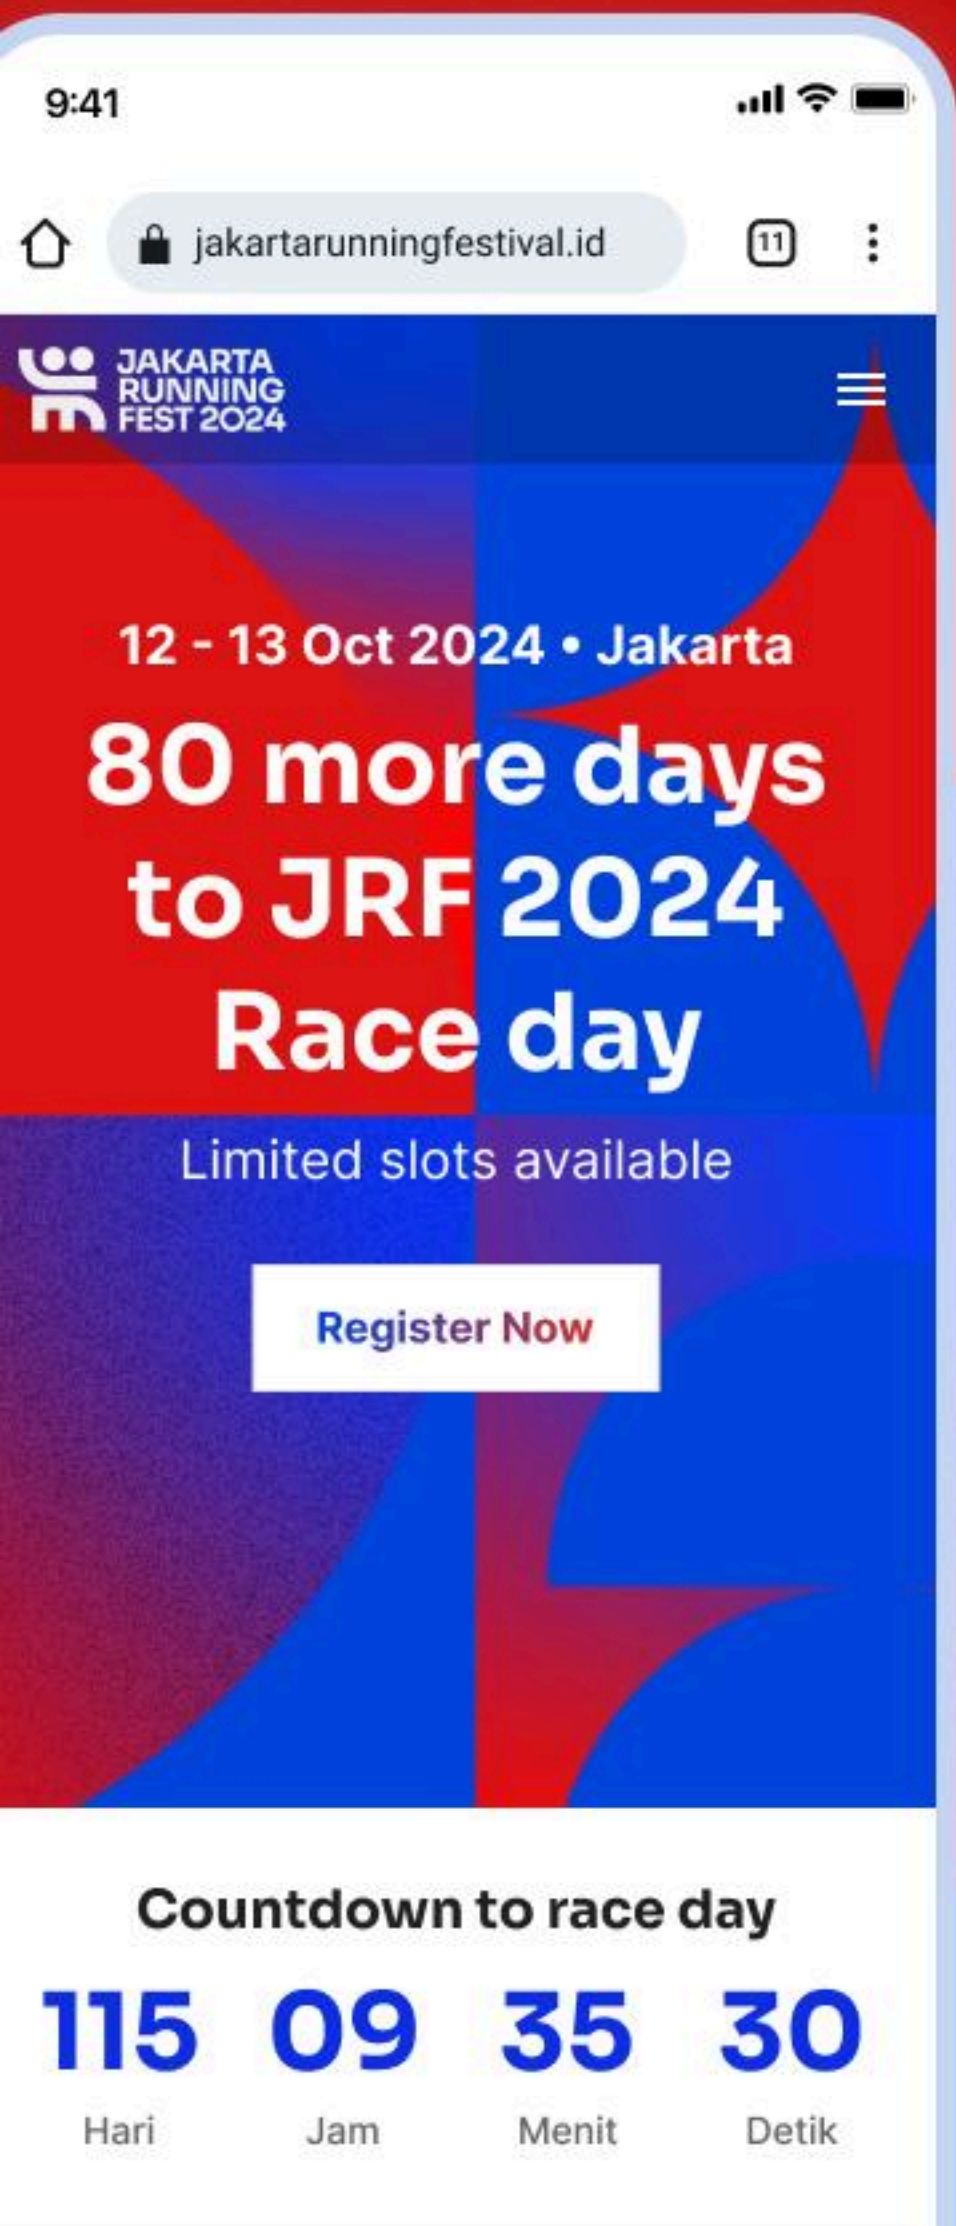

Jakarta Running Fest 2024 is the official event website developed after the rebranding of Jakarta International Marathon (JAKIM). The platform provides essential event information, race categories, and an integrated registration flow for participants.

The design focuses on creating an energetic and engaging experience that reflects the spirit of a running event while making it easy for users to explore race distances, learn event details, and complete registration smoothly across devices.

HOTEL BOOKING WEBSITE

Gletscherblick is a family-run heritage hotel established in 1906, known for its warm hospitality, vintage interiors, and scenic alpine surroundings. Traditionally, most reservations were made by returning guests through phone bookings.

The website was designed to introduce the hotel to a new generation of travelers while preserving its historic charm. Through immersive photography, room previews, and curated experiences, the platform helps younger couples and leisure travelers explore the property, discover its unique character, and plan their stay more easily online.

I'm still confused about linear equations with one variable. 15.05 ✓

No problem! Let's go step by step 🙌
For example:
 $2x + 5 = 15$
What do you think we should do first? 15.06

Subtract 5 from both sides? 15.07 ✓

Exactly! Great job 🙌 15.07

Overview

This lesson introduces students to the fundamentals of linear equations, a core component of the AKM mathematics assessment.

Students will learn how to:

- Identify variables and constants
- Solve one-variable linear equations
- Apply algebraic reasoning to real-life problems

Each concept is explained step-by-step with guided examples and practice exercises to strengthen analytical thinking skills.

This course is aligned with the latest Indonesian curriculum and structured to help students confidently prepare for the AKM assessment.
