

PORTFOLIO

# Dominikus Adhitya Prabowo

FRONTEND WEB & MOBILE  
DEVELOPER

BIO

# Frontend Developer

Experienced in developing and sustaining mobile and web applications with React and React Native. Proficient in integrating third-party services, enhancing front-end performance, and working alongside backend teams on REST API functionalities. Commits to clean coding practices, participates in code reviews, and adheres to contemporary front-end development standards.

Notable achievements include reducing mobile build time by approximately 20%, implementing application crash monitoring, and spearheading architecture updates for a significant React Native version upgrade.
